INSTITUTE OPENS PLAN OF MAPPING STATE ROADS TO CHAUTAUQUA

Torrance County Teachers Turn Out In Force for Summer Work; Many Representatives from Outside.

Mountainair, N. M., July 14.—The county teachers' institute of Torrance county opened here Monday morning with a large and enthusiastic host of young men and women attending. Several counties of the state are represented, among them being Santa Fe, with a delegation of nine, this being the largest number from any one county outside of the imperial county of Torrance. In addition to these New Mexican teachers a number of prospective teachers from outside the state have enrolled for the institute, some coming as far as from Indiana, Illinois and Oklahoma. These will present themselves as candidates for professional and first grade certificates at the close of the institute.

County Superintendent C. L. Burt is well pleased with the large enrollment as well as with the high percentage of the teachers in attendance, practically all of whom are taking first and second grade work. Notwithstanding the fact that a large number of the teachers from this county have gone to the eight week summer schools at Silver City and Las Vegas and a number are planning to attend the expositions in Gallup, the attendants at this institute is large. Superintendent Burt was willing to give the state department as Santa Fe an additional manual and reading "note books."

The work of instruction is in the hands of Superintendent J. H. Wagner of Santa Fe, as conductor, with Prof. G. B. Jones of Albuquerque and Mrs. Florence Hartnett as instructors. The course has been well organized and the full departments for the lecture are represented in the several lines of work. Superintendent Wagner has the professional courses and the initial training work. Prof. Jones has the work in geography, history and government, while Mrs. Hartnett directs the work of domestic science, moral, art, literature and primary plane. Mr. Burt has instructed all students to make equipment for this work.

Wednesday night the chautauqua will open with a musical entertainment. Every town is abuzzing in advance. Concerts for the course and automobile parties are arriving daily.

GALLUP AUTHORITIES HOLDING INDIAN FOR CRONEMEYER MURDER

Gallup, N. M., July 14.—The authorities are holding as a suspect in the case of the murder of Curt Cronemeyer, an Indian trader, and C. A. McDaniel, an employee of Cronemeyer, an Indian who was accused a few days ago.

Three Indians who were arrested were able to prove they had nothing to do with the affair and were released. Cronemeyer and McDaniel were killed in one of Cronemeyer's stores at Allentown. At a several weeks ago.

The Indian being held has marks of a severe struggle on his body. He refuses to talk.

ROAD BOARD CASE IS CONTINUED INDEFINITELY

Attorneys C. W. G. Ward and Chester Hunker, for Board, Ask Time to Prepare Their Case, Which Leahy Grants.

East Las Vegas, N. M., July 14.—David J. Leahy of the district court today continued indefinitely the hearing of the injunction suit of Senator John S. Clark to prevent the county road board from advancing financial assistance toward the sale of the state good roads bond issue of \$400,000. Attorneys Ward and Hunker for the road board asked for time to prepare their case. Upon the decision in this case depends the sale of the road bonds. Bond owners refuse to pay par and the various counties are expected to make up the difference. The hearing likely will occur this week.

BONDS SENT EAST FOR FORMALITIES OF TRANSFER

Santa Fe, N. M., July 14.—The state's issue of highway bonds, \$500,000 worth, have been sent east with a draft for par value and accrued interest attached. The bonds were sold to Arthur Stengman of this city and Kelly & Kelly of Kansas City and Otto & Co. of Cleveland were the co-signers of the securities and will act as agents in closing up the deal.

Before final arrangements are made, however, Judge Dillon of Dillon, Thompson & Co. of New York, has been asked for his opinion on the legality of every phase of the bond issue and the sale, and nothing more will be done until he has reported his findings to Otto & Co.

W. G. Kelly, who has been very active in arranging the bond sale and has made several efforts to find a way in which the securities could be placed, before hitting upon the arrangement endorsed by the various counties last month, has announced that if Otto & Co. will not handle the bonds they will be placed in New York.

Thomas D. Burns, senator from Rio Arriba county and known as the senate's official "guardian of the treasury," has sent in his personal check for \$140 to guarantee Rio Arriba county's share of the expense of sale.

\$72,000 REALIZED FROM EAST PLAINS DRAINAGE BOND SALE

Roswell, N. M., July 14.—Seventy-two thousand dollars has been realized from the sale of the East Plains drainage bonds, the purchasers of the bonds agreeing to construct the drainage systems so that the 10 percent discount from the bond issue, whose face value is \$81,000, will not be felt.

The money is to be available at once and construction will be commenced within the next six to days.

The bonds were sold through Gibbons & System, the attorneys for the district and the commissioners: J. M. Miller, N. E. Whitney and A. H. Elbert. The purchasers are W. P. Bullock & Co. of Kansas City, Mo., financial agents and contractors.

PLANS FOR DEMING'S ARMORY BEING DRAWN

Deming, N. M., July 14.—Plans for Deming's armory are now being drawn by Trust & Trost, of El Paso and Albuquerque, and the preliminary sketches are expected to be completed within a few days. The deed to the lots on which the building will be erected has been approved by the attorney general and is now on file.

The possible social uses to which the building may be put will be considered in the plans as well as the strictly military uses. Bids are to be called for as soon as the plans are out and it is thought the building will be completed by early autumn.

MAY POSTPONE JULY SESSION OF TAXING BOARD FOR A TIME

Santa Fe, N. M., July 14.—In order that the tax board may have time for all tax rolls to reach it at its July meeting, it is said the state tax commission may postpone its meeting this month until early in August.

The matter is now being considered by the commissioners, and if a postponement is decided on one of them will come here to make the formal order. So far only one tax roll, that of Mora county, has been received by Secretary Powell Barnes, and it is probable that only a few will be received this week. After the rolls are received the commission will be in a position to determine approximately the amount of revenue that can be raised under the provisions of the property tax law.

An opinion holding that the commission would have the right to adjourn any of its meetings was recently given T. J. Guillet, special accountant for the commission, by Attorney General Clancy. Mr. Guillet is conducting an investigation with a view to getting additional property on the tax rolls and asked concerning the adjournment with a view to determining what time he might have to conclude his work.

WEEK'S BUILDING PERMITS STAND FOR BIG SUM

Inspector Morgan Authorizes Construction of Structures That Represent Investment of \$75,000; The List.

During the week ending yesterday building permits were issued by Building Inspector F. M. Morgan representing an investment of about \$75,000.

Among the week's permits were included those for the Y. M. C. A. building, which is to cost \$57,000 to construct, and the two-story brick store building to be put up by Charles Melini on West Central avenue for the J. C. Penny department store company. The construction work on the Melini building will cost \$12,000 alone. Interior decorations and fixtures are expected to double the cost. The Melini block will be 50 by 125 feet.

Permits were issued for two dwellings: Jennie G. Smith will put up a brick house at 918 North Eleventh street, and a brick addition at 920 North Eleventh street.

Louis McLean will have an adobe house of five rooms erected at Marquette and Sixth. Other permits during the week were as follows:

School board, relay floors in the four ward schools.

P. F. McCanna, agent, 187 North First street, brick outhouse.

Dr. Eligen Osuna, 791 North Second street, porch.

MINES OF STATE TO SHOW INCREASE IN PRODUCTION IN 1915

What the state has been doing in the mining field, told in brief, will be shown in the mining review of the Mining and Engineering World, now, so far as it pertains to New Mexico, is as follows:

New Mexican Mines Prospective.

The mines of New Mexico, during the first six months of 1915, will show a consistent increase in output of all the metals, except copper and lead, according to Charles W. Henderson. The cyanidization mills of the Mogollon district, Socorro county, which annually yield 70 per cent of the gold yield and 80 per cent of the silver output, have been operated continuously. An increased yield of gold bullion and concentrate has been made in the Espanola-Bethel district, Colfax county. Heavily increased shipments of silver and copper ores carrying gold have been made from the Lordsburg district, Grant county. Some exceptionally high grade gold ores have been shipped from Pinos Altos. The China Copper company, which produced 36,841,977 pounds of copper in 1914 with a below normal production in the last quarter of 1914, yielded 13,752,000 pounds in the first quarter of 1915, and with the same or increased production for the second and third quarters will produce for the first half of 1915 more than was produced in the last half of 1914, but less than the first half of 1914, the yield being about equal to one-half of the 1914 output. The yield for the last two quarters of 1914 can easily surpass the first two quarters, with a consequent yearly production greater than for 1914.

Lead shipments from Victorio district, Luna county, and from Magdalena, Socorro county, have fallen off.

Increased shipments of zinc carbonate and zinc sulphide concentrates have been made from the three important zinc districts, Magdalena, Hanover and Cooks Peak districts. Lead shipments from Victorio district, Luna county, and from Magdalena, Socorro county, have fallen off. Increased shipments of zinc carbonate and zinc sulphide concentrates have been made from the three important zinc districts, Magdalena, Hanover and Cooks Peak districts.

DEMING TO HAVE FREE CITY MAIL DELIVERY

Deming, N. M., July 14.—Comencing October 1 this city will have free city mail delivery, a boon for which local business men have been working for years. W. E. Paulus, postmaster, has been notified to initiate the new system in the date named. A competitive examination will be held for appointment of the carriers, of whom there will be two. A substitute will also be appointed.

One of the carriers will be maintained and will deliver mail to the outskirts of the city and will handle the heavy parcels and packages.

Ten drop letter boxes will be established at different points in the city and alterations of outgoing mail will be made twice each day.

WILL ASK ENGLAND TO RELEASE MEATS

(By Evening Herald Leased Wire) Washington, July 14.—After conference with representatives of the leading American meat packers to-day state department officials and formal representations could be made to Great Britain for the release of neutral meat cargoes detained by British naval authorities. The character of the representations has not been decided.

The packers complained that despite assurances of a spedition of their cases before the British prize court, not one of their cases had been released so far. They said thirty-one American, British and other ships, carrying American meat products consigned to the Scandinavian countries were held up. Postponements of which they have previously complained, they said, were continuing with reason to the hardship of the packers.

MAD BEAUTY BOUND HAND AND FOOT ON TRAIN

Beats and Scratches Self in Frenzy Before Mother and Guard Restrain Her; On Way to Kansas City.

Bound hand and foot to save her from the violence of her maniacal frenzy, a beautiful girl left here last night on the eastbound California Limited. She is being taken from San Diego to Kansas City. Her mother is with her. Stationmaster J. E. Sinclair went with them from here as guard. He relieved another Santa Fe guard and was in turn relieved at Las Vegas.

When Sinclair took charge of the girl she was not raving. Soon afterward, however, she became violent, and it was necessary to restrain her. With the assistance of the mother Sinclair subdued the girl and seeing that there was nothing else to do, he released her.

The step was necessary for the girl's own protection. Her legs and thighs were black from blows and pinches she inflicted on herself, and her wrists and the back of her hands were raw and red where she dragged her nails across them. The girl's youth and beauty accented the pitiable state to which her mind reduced her.

"I have handled many cases of insanity on the road," said Sinclair today, "but that was the most distressing case I ever encountered. I don't want to meet any more like it."

MISS MAUDE M'KINLEY WEDS CARTHAGE MAN

Miss Maude McKinley, of Carthage, N. M., was married this morning to John Ward, also of Carthage, at the home of the bride's sister, Mrs. John James, 124 North First street.

NEGRO CONVICT IS WOUNDED IN DUEL AFTER ESCAPING

(By Evening Herald Leased Wire) Colorado Springs, Colo., July 14.—John Hartwell, colored, an escaped convict, from the Canon City penitentiary, is in a critical condition at a local hospital as the result of four bullet wounds received in a pistol fight with Colorado Springs policemen early this morning. The negro opened fire when an attempt was made to arrest him as a fugitive. The officers were not injured although many shots were fired at them.

The complaint contains six counts.

It was filed at Santa Fe with District Clerk Harry Lee of the United States court. United States District Attorney Summers Burkhardt will conduct the case.

Two sessions of the federal court are to be held, one in August and the other in September. Judge Robert E. Lewis of Colorado will open a ten-day session to begin August 19 to hear criminal cases in which defendants are in jail and other cases. Judge

WELL MEET AT Grimshaw's

Our Refreshment Rooms—the most popular place in the city. IT'S HANDY—IT'S COOL—it's CLEAN. OUR SERVICE IS PLEASING,
